

How to book the bus shuttle-service

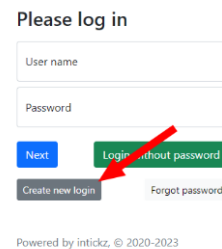

[intickz - Onlineshop](https://www.intickz.de/en/shop/ltv-shuttlebus)

You receive an “early booking” discount of 10% when booking at least 4 days before the ride!

First - register to the shop:

You are asked to choose a username and password and to subscribe your personal data...

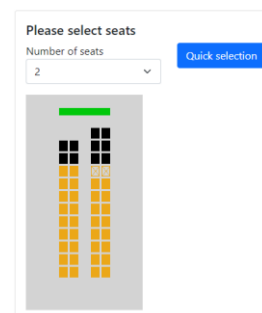

A screenshot of the login form. It has fields for 'User name' and 'Password'. Below the fields are buttons for 'Next', 'Login without password', 'Create new login', and 'Forgot password'. A red arrow points to the 'Login without password' button. At the bottom, it says 'Powered by intickz, © 2020-2023'.

After registration, you can start the booking procedure thru Login.

Then you can choose the day and direction you want to get shuttled. Afterwards you get an overview of the timeslots we do offer, e.g.:

Please select a circle
[12:00 am](#)
[2:30 pm](#)
[5:00 pm](#)
[7:30 pm](#)
[10:00 pm](#)

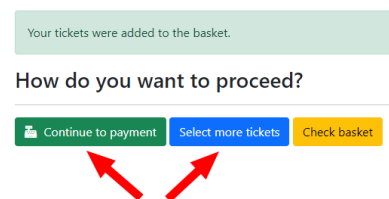

After selecting your preferred time, you get an overview of the bus and how many seats are available. There you can choose how many seats you want to book – riding alone or with your partner (“Number of seats”). Black shown seats are already sold, grey seats are on someone else’s basket.

A screenshot of the seat selection interface. It shows a dropdown for 'Number of seats' set to 2 and a 'Quick selection' button. Below is a bus layout with seats represented by colored squares: black for sold, grey for reserved, and yellow for available.

Click on “Quick selection”.

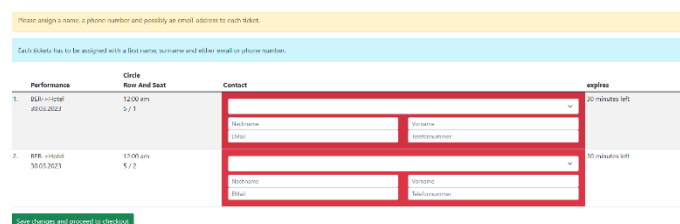

Next step: you get an overview of your selected tickets. Put them in your basket.

Here you can either go to the checkout-process or select more tickets for another shuttle, e.g. the return ride.

A screenshot of the checkout options screen. It shows a message 'Your tickets were added to the basket.' and the question 'How do you want to proceed?'. Below are three buttons: 'Continue to payment', 'Select more tickets', and 'Check basket'. A red arrow points to the 'Continue to payment' button.

Once finished your selection, continue with the payment.

Before you have to personalize your tickets. Important is to put on all correct names, the email-address and (mobile) phone number. It may be the same for every ticket if you wish...

A screenshot of the personalization form. It has a table with columns for 'Performance', 'Circle', 'Row And Seat', 'Contact', and 'expires'. Below the table are two rows of input fields for 'Name' (First name, Last name) and 'Contact' (Email, Mobile phone number). Red boxes highlight these input fields. A green button at the bottom says 'Save changes and proceed to checkout'.

At the last step you have to check the radio button asking for “Digital Ticket” and then go to checkout which leads you to the payment-site.
